## General information and instructions for the application for insertion of an act of civil status made outside Québec in the Québec register of civil status

Do not forward this document with your application.

### What you should know?

Since January 1, 1994, the Directeur de l'état civil has been authorized to insert, upon request, acts of civil status made outside Québec in the Québec register of civil status. An act of civil status made outside Québec by a competent authority is a document to which the Civil Code of Québec grants semi-authentic legal status.

The Directeur de l'état civil keeps the original document corresponding to the act to be inserted, as well as the original French translation, if any. All other original documents will be returned to you.

#### The person concerned by the act to be inserted

An application for insertion of an act of civil status made outside Québec may be filed if the person concerned by the act is domiciled in Québec.

### Who can apply?

The **applicant** is the person who applies for the insertion of an act of civil status made outside Québec.

The Directeur de l'état civil requires that pieces of personal identification for the applicant and the person concerned be included with the application. See page 3 for the mandatory documents to be included with your application.

To protect the identity of the persons entered in the Québec register of civil status, the insertion of an act in the register may be granted only to the persons mentioned in the act or to those who establish their interest in having the document inserted.

If your name does not appear in the act concerned by the application, you must enter in Box 10 of the form the reason you are applying for the insertion of an act concerning someone else, and include with the form an official document proving the reason given. The Directeur de l'état civil will evaluate the reason. However, if the document to be inserted concerns a deceased person and you are the person's spouse, child, brother or sister, you do not have to submit an official document justifying your application.

### What document can be issued?

After receiving the Directeur de l'état civil's decision, the applicant may, if he or she wishes, apply for a certificate or a copy of an act, depending on the event in question.

The semi-authentic documents issued by the Directeur de l'état civil are:

- for a birth, the long-form birth certificate;
- for a marriage or civil union, the certificate and the copy of the act of marriage or civil union;
- for a death, the death certificate and the copy of the act of death.

The certificate or copy of an act will be issued in the same language as the act to be inserted if the latter is in French or English. The document will be issued in French if the act is in a language other than French or English.

#### Important

Before applying for a certificate or a copy of an act relating to a semi-authentic act, the applicant is responsible for finding out whether such a document is accepted by the organization to which it will be submitted.
